

SSG CV with Nextjs + Docker

Resume website with NextJS and Docker by Oussema Trichi

to install it locally without Docker:

```
git clone https://github.com/iamtrichi/nextjs-cv-docker.git
cd nextjs-cv-docker
npm i
```

on development:

```
npm run dev
```

on production:

```
npm run build
npm run start
```

Running with Docker:

Docker Image

the image is automated Built on dockerhub as the name:

```
trichi/mon-cv
```

you can run it by this command :

```
docker run -d -p 3000:3000 trichi/mon-cv
```

Dockerfile used to create the image:

```
FROM node:slim

RUN mkdir -p /usr/src/app
ENV PORT 3000

WORKDIR /usr/src/app

COPY package.json /usr/src/app
COPY package-lock.json /usr/src/app

RUN npm install

COPY . /usr/src/app

RUN npm run build

EXPOSE 3000
CMD ["npm", "run", "dev"]
```
